

Submission by Arthur Crossman, **Candidate for Mayor.**

Anmore is my second home. My family and I lived in the Anmore Trailer Park in 1968-1969. Moved to St. John Street Port Moody at the end of 1969. Since then my family and I go to camp site in Anmore 2 weeks a year since 1970.

I've been involved in the political arena for over 5 ½ decades now. I am no stranger to what's happening in Anmore and that's why we have this election. I ran in the 2008 Election for mayor of Port Moody you know what I lost, but I was the only one talking about Anmore and Bellcarra in that election, I didn't see or hear from any one of Anmore. Where I pro-tested the Plasco idea which would have serious effects on Anmore and surrounding areas. All elections I've ran independent!

Garbage site. Tons of garbage in your area. Now the true fact and the honest truth, is if you elect either Heater you made a bad choice. Robert Tribe another bad choice. I Arthur Crossman will bring strong and hard leadership, if elected as your mayor. I am natural to all other Candidates who want to continue on with the war etc. About passed mayor. I will move forward as your mayor. At most I can take the Oathe in Pride. Where other two candidates cannot with a clear consicious mind.

ELECT ARTHUR CROSSMAN ON MAY 15th
